

SHEIKH SAEED HALLS

The Sheikh Saeed Halls expand our complex by four halls and over 24,000 m² of covered exhibition area - including the impressive Trade Centre Arena. These halls answer the increasing demand for both Dubai's developing MICE sector and for exhibition facilities throughout the region. The structure flows into the Exhibition and Arena Plaza which leads directly to the World Trade Centre metro station. The Plaza itself is an on-site outdoor event space commonly used for exhibits and banquets during the cooler winter season.
